

BALCONIES

SENIOR CITIZEN HOME-COPENHAGEN, DK

## FACTS

**Owner:** KAB  
**Year:** 2012  
**Architect:** JJW  
**Contractor:** NCC  
**Location:** Robert Jacobsens Vej  
DK - 2300 Copenhagen

Hi-con has delivered the spectacular balconies for 114 senior citizen apartments in Copenhagen. To reduce the weight on the building, the balcony floors are hollow and have a thickness of 10 cm. The balconies are cast in one piece and mounted on the building with brackets.

The asymmetric and colourful balconies are a significant contribution to the overall architectural expression of the building.
